GLOSSARY

of Important Terms and Phrases

Balance Billing: When a provider bills you for the difference between the provider's charge and the amount your health insurance plan pays. Your normal deductible and coinsurance are not counted as balance billing.

Coinsurance: The percentage of your healthcare costs that is not paid by the health insurance plan. Therefore, it's the percentage of the cost you are responsible for.

Coinsurance Maximum: The maximum amount of coinsurance a member pays during the policy year for covered expenses. Limitations may apply.

Copay or Copayment: The specific dollar amount you will pay at the time of service.

Claim: Documentation submitted for payment from a provider or you for medical services rendered.

Certificate of Coverage: It describes the benefit plan with specific conditions in which you and all eligible dependents have been enrolled (explains medical, dental, and vision coverage).

Coverage Period: The length of time that you are covered under a specific policy.

Deductible: An amount you are responsible to pay for eligible expenses before the health insurance plan begins to pay.

Direct Pay: The provider submits an invoice for payment directly to GeoBlue, instead of asking for payment from you up front. You may still be responsible for any deductible, coinsurance, or copays as defined on their health insurance contract.

Explanation of Benefits (EOB): An EOB is not a bill, but a summary of how your claims were processed and what you may owe. Your healthcare professional may bill you directly for the remainder of what you owe.

Guarantee of Payment (GOP): A legal document guaranteeing payment to a provider from GeoBlue based on specifically listed policy benefits on the document. This guarantee is based on your eligibility at the time of service. Also known as a Direct Pay Letter.

Prescription (RX): An instruction written by a medical practitioner that authorizes you to be provided a medicine or treatment.

Performing Provider: The individual or group licensed to perform medical care that provided medical services to you.

Primary Care Physician (PCP): A physician who provides both the first contact for you with an undiagnosed health concern as well as continuing care of varied medical conditions, not limited by cause, organ system, or diagnosis.

Premium: The specific amount of money you have to pay to the health insurance company each month in exchange for the health insurance company paying a portion of your healthcare costs.

Outpatient: When you receive care at a medical facility but are not admitted to the facility overnight or are at the facility for 24 hours or less.

Out-of-Network Provider: A medical provider who is not contracted with Blue Cross Blue Shield companies. This typically results in a higher coinsurance and may result in additional costs to you.

Out-of-Pocket Maximum: The most you pay during a policy period (usually a year) before your health insurance or plan begins to pay 100% of the allowed amount.

Network: The facilities, providers, and suppliers your health insurance company contracts with to provide services at discounted rates. The network you would utilize is Blue Cross Blue Shield companies.

Medical Evacuation: The insurer will pay the medically necessary expenses incurred for you if you become ill or injured while traveling outside your home country for transportation to the closest location of adequate care. May also be referred to as "Medical Repatriation."

Inpatient: When you receive care at a medical facility and are admitted overnight, or are at the facility for more than 24 hours.
